THE GERFLOR GROUP

KEYS TO SUCCESS

N°2 in Europe
N°3 worldwide

Industrial expertise

Gerflor is a French group that is extending the scope of its industrial expertise in a number of areas: building, sport, transport and residential.

International presence

Gerflor boasts a strong international presence through its distribution and production subsidiaries, supported by sales representatives.

A strong and widely-recognised brand

The Gerflor brand is well-known and recognised by consumers and is universally considered to be a benchmark in the flooring industry.

Worldwide presence and proximity to our customers through:

23 subsidiaries and a broad network of partner distributors
12 manufacturing plants and logistic hubs

GERFLOR

THE BENCHMARK BRAND

A new brand image to convey our ambitions:

simplicity, strength, style, international scale.

A proactive group committed to your success:

- Designing, producing and marketing solutions that are innovative, competitive, decorative and environmentally responsible to provide beautiful floors for your homes and make everyday life easier.
- A partner that ensures that your projects are both competitive and successful by anticipating and meeting your particular needs.

A wide product range with unique collections:

Gerflor provides solutions that are technically and aesthetically suited to each customer's requirements:

- Rolls
- Tiles
- Planks
- Skirting boards
- Preparation & maintenance products

Our ranges include innovative and realistic designs, divided into attractive theme-based collections for our customers.

Constant innovation:

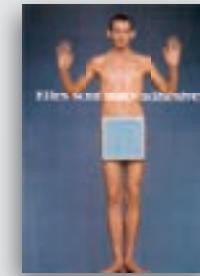

Gerflor invests in research to provide customers with high-quality flooring based on the latest innovations.

Our innovation strategy is geared towards the continuous improvement of our products' performance:

- easier to lay and use
- maximum comfort
- innovative and attractive designs
- exceptional damage resistance
- respect for the environment

Gerflor, the inventor of...

1985

Informations about the European classification system:

-  21 - Moderate domestic
-  22 - General domestic
-  23 - Heavy domestic
-  31 - Moderate commercial
-  32 - General commercial
-  33/41 - Heavy commercial / light to moderate industrial
-  42 - Light general industrial

HEALTHY, TESTED FLOORING:

Vinyl is a material widely used in food packaging, construction and healthcare.

Gerflor uses the same high-quality materials to manufacture its floor coverings.

Average composition of a Gerflor vinyl floor:

- **Vinyl resin:** less than 50%
- **Plasticisers:** approximately 25% (used to soften the floor and make laying easier)
- **Filler:** approximately 25% (gives the flooring its solidity)
- **Other:** less than 5% (stabiliser, matrix, inks, varnish, etc.)

Completely harmless raw materials

- No heavy metals (stabilisers, pigments and inks)
- No plasticisers known to be toxic to reproduction
- No solvent-based inks used for printing
- No materials subject to authorisation (REACH)
- No formaldehyde emission

Floorcoverings with low emissions

The emissions from a Gerflor vinyl floor coverings are well below requirements:

TVOC* emissions at 3 and 28 days (< 10,000 and 1000 µg/m³)

emissions at 28 days 1000ug/m³

No carcinogenic or formaldehyde emission

**TVOC: Total Volatile Organic Compounds*

● Raw material

Vinyl is one of the only building materials to be 100% recyclable.

Production waste recycled in our factories

Gerflor factories can be thought of as recycling centres.

Almost 100% of our production waste is recycled and used to manufacture interlayers or backing, in compliance with technical specifications and regulations.

Recycled items

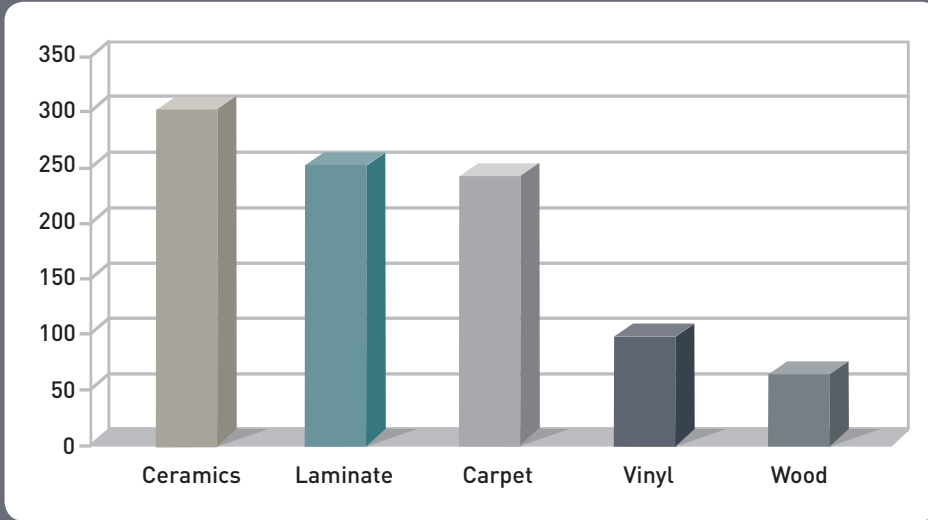

● Shoe soles

● Flower pots

●●●●● The Floor Covering market in Western Europe in 2011

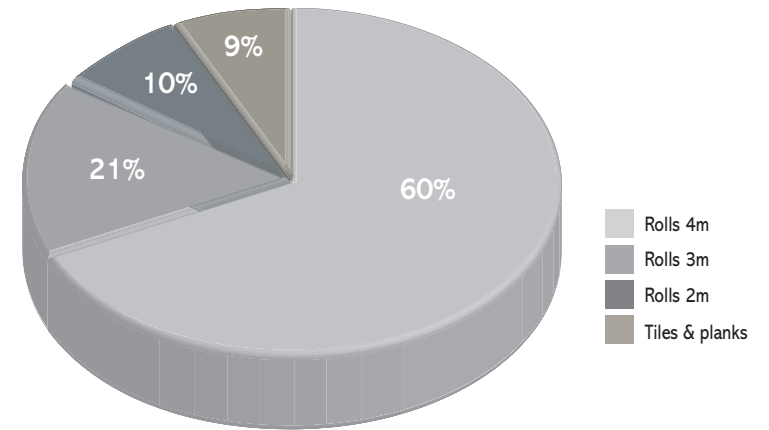

Breakdown of volume sales by floor covering in Mm²:

Potential = 945 Mm² → Vinyl = 10 %

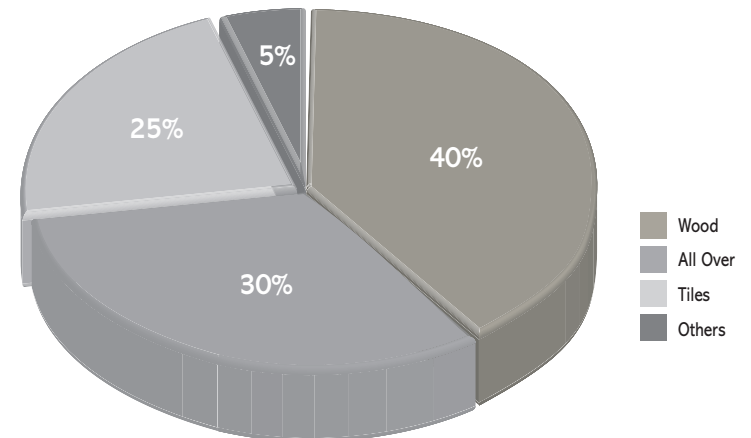

Breakdown of vinyl sales by size:

% of volume sales of vinyl in Western Europe

Breakdown of vinyl sales by design type:

% of volume sales of vinyl in Western Europe

CE MARKING

Areas of use: domestic use

⊖ Thick
⊕ Resistant!

Best value
for money

Primetex, non-tear!

Thin & tough!

Primetex, without glue !

Economical, quick and easy to lay

- No glue

Saves extra costs

Primetex, all uses floor

Waterproof : ideal for wet rooms

- bathroom, kitchen

Easy to clean & hygienic

- living room, kid's bedroom

Laying

The subfloor must be smooth, clean, dry, undamaged and flat.

Recommendations: unroll the floorcovering 24 hours before laying.

Floor covering should not be laid in rooms at a temperature is below 15°C.

Can be installed on underfloor heating (up to 28°C). Weld the joints (cold-treatment product) to ensure good water-tightness.

Recommended laying methods:

- Loose laying without glue: up to 25 sq. m
- Laying without glue, with double-sided tape or hook & loop strips around the edges of the room: over 25 sq. m

If permanent laying with glue: use a single stick acrylic glue (approximately 250g/sq. m).

Use a finely-notched trowel.

Cleaning and care

Regular cleaning with a vacuum cleaner, dust mop or a wet cloth.

Cleaning: with water and a neutral detergent; rinse with clean water.

Stain removal: White Spirit removes almost all stains. Do not use solvents.

Precautions: do not use floor wax.

Avoid rubber leg caps and casters. Replace with plastic caps and polyamide casters. Protect the bases and legs of your waxed furniture with a felt disc.

HEALTH

- Formaldehyde-free
- Lead-free, no heavy metals
- Solvent-free
- No harmful plasticizer
- Low VOC emission
- Glueless laying

ENVIRONMENT

- 100% recyclable
- ISO 14001
- Soapy water cleaning
